WE NEED YOU TO ACT NOW TO KEEP TERM 2 CLASSES ACTIVE

All U3A Brisbane face-to-face classes have been suspended from Monday March 16. Many other U3As have taken the same precautionary measures.

The Management Committee has no reliable information about how long the closure will continue. We will only re-open normal classes when the risk of infection in the community has abated. Members will be kept advised of any updates.

In the meantime, it is imperative that members enrol for Term 2 classes as normal.

This will ensure that if classes re-open during Term 2, enrolments will be established.

More importantly, tutors will be able to send Term 2 class material to class members once Term 2 starts on 20th April, even if there are no physical classes at this time.

It is truly important that we all maintain our contacts and interests as far as possible at a time when many of us are adopting social distancing measures.

We hope you all stay safe during this difficult period and that U3A is able to resume normal operations in the not too distant future. Questions about the closure to:

closure@u3abrisbane.org.au

Remember: Enrol in Term 2 classes as normal.

Member Support Group

One of the most valuable benefits U3A provides to members is the opportunity for social interaction. A lot of us live alone.

The current suspension of classes has meant we are deprived of our fellow members' company and conversation.

The virus is concerning and a lot of us may be anxious about the health and financial impacts it can have. There are many questions unanswered and plenty more we could ask. So a few dedicated members are establishing a service where you can contact us or we can contact you to chat and maybe look for answers to our concerns. We would welcome any contact on any subject. President's Message, Term 2 2020

It is with a somewhat heavy heart that I am writing what is my final term message as President of U3A Brisbane. My three years as President have been a very satisfying period of my life and the culmination of nearly eleven years as part of our U3A's management team. To say I have seen some changes over this period would be a gross understatement: the purchase of Creek Street, courtesy of the members who believed in the future of our organisation and invested in the acquisition of this property through the Noteholders Association; the move back to the CBD in 2011 and the subsequent incredible membership growth which has necessitated an expansion program not once, but twice in the intervening years; and, in December last year, the payout of the Noteholders following the raising of a loan from Bendigo Bank.

I have been privileged to have been part of what I consider to be one of the best management teams I have ever worked with during my professional life and would like to thank its members, past and present, for their support during my time as Publicity Officer, Vice-President and President. However, I won't be leaving the scene completely. While no longer a member of the Management Committee, I intend continuing as Publicity Officer for some time yet and, of course, will still be attending my regular classes.

As you are probably aware, the Annual General Meeting is rapidly approaching and will be held as an online meeting on Wednesday 15th April at 10am. Full details of the AGM are included in this publication.

News of the *Coronavirus* (COVID-19) outbreak in China and its subsequent appearance in other countries is reverberating through the media and no one knows what the implications, short-term and long-term, will be. Please make sure you are well informed on the restrictions and risks. There is a lot of misinformation around on Social Media so please use reliable sources such as the *ABC Coronavirus page* for regular updates. There are also official links on our website home page.

U3A Brisbane suspended face-to-face classes from 16th March until further notice. You will find further information on page 1 at left, and we will update members regularly. Please enrol for Term 2 as normal, as tutors will be sending out class material and in some cases running online classes.

President

Email: aerial073@gmail.com

This course will focus on telling the 'human story' chronologically of the earliest cultures of the ancient world, from nomadic hunter/gatherers to sophisticated societies. The background material is researched from the latest information from archaeological and scientific sources in presenting

what is generally accepted in scholarly circles about the beginning and the collapse (or success) of the dominant cultures of the past. In recognition of the wide scope of this subject, limitations must be placed on some of the subject matter; e.g., Rome (the Republican years only) and Greece (the Classical Period only).

Climate change, war and the risk of nuclear war threaten humanity and the earth itself. How did we get here and what can we do? By reading and discussing relevant material we can hope to gain greater understanding of how we arrived in this situation with wars and 14,000 nuclear weapons in the world today. We can discuss whether war is really inevitable. Does Australia need a more independent foreign policy? How do climate change and war exacerbate each other? The Reformation was 500 years old in 2017, so it's useful to re-examine the Bible with fresh eyes and updated historical and scientific evidence. Greek Bibles flooding Europe from Islam's conquest of the Byzantine empire in 1453 actually prompted the Reformation. This non-religious course applies the integrated nature of the text to enable members to learn to unlock difficult passages for themselves by using the Bible to interpret the Bible. Each week we examine one or more books, chapters or passages in detail. Members may nominate topics; no part of the Bible is off limits. Suitable for new and continuing members.

"Singing in a choir is cheaper than therapy, healthier than drinking and more fun than working out" (Although you can of course choose to do all four!). This new choir is open to all, male and female. There are no prerequisites apart from the desire to sing with like-minded folk and have fun. No need to read music. The repertoire will be varied, anything from Musicals to the Hallelujah Chorus and working towards regular performances. No auditions, but there may be opportunities for anyone who would like to sing solo parts within some songs. Let's Sing!
